The idea of the testimonial collection will give opportunity to design the principal strategies for the training implementation and deployment. We will use as well collected opinions for the SWOT Analysis, being one of the quality tools for improvement of the final product of the project. All testimonials will be the part of the Guide Tool.

Examples of the interview questions:

What subject do you teach?

How long do you teach in primary school?

Which classes do you teach?

How do you assess GoDigital training?

Do you know how will you use the skills acquired during the training?

Do you have any suggestions for training improvement?

Will you recommend this training?

Is this training needed for teachers in primary school?

Examples of testimonials

Katuscia Fabbri

Primary school teacher, Italy

I am a prevalent fifth grade teacher of primary school.

During the course I learned how to create beautiful educational activities that I can use with children even during this lockdown period.

Barbara Gulino

Primary school teacher, Italy

I am a prevalent third grade teacher of primary school.

The course was very interesting because it allowed me to learn new strategies for involving younger children in activities that they like and, at the same time, helping them learn.

I believe that all teachers should improve in these areas.

Irene Tartagni

Primary school teacher, Italy

I am a class II teacher of primary school.

Thanks to the information obtained in this course, I now feel ready to explain in a more understandable and close to the cognitive styles of children some topics that previously risked being too difficult.

I highly recommend this course to all teachers.
