1 – Syllabus

Module 1: Internet	
A module description	This module provides information, knowledge and experience on effective and safe internet use for educational purposes by familiarizing learners with information search, selection and management's tools and strategies, either on an individual or in a collaborative basis. It is expected to help the learners to be and keep informed about the most often used search engines and will familiarize them with searching techniques appropriate to support critical information selection. It will also provide them with data management skills (individual or collaborative data creation, storing and sharing data/resources, collaborating and interacting with other users e.t.c.) and knowledge and strategies that both prevent and ensure the safe navigation on the net.
Intended learning outcomes¹	<ul style="list-style-type: none"> • Get to know how to avoid “bad” sites • Introduction to malware – Get to know how to avoid it • Get to know how to remove malware • Get to know how to secure Internet accounts • Get to know GDPR • To be able to use Internet • To effectively search information in Internet • To comprehend the usefulness of Web 2.0 tools and be able to effectively use them according to our particular needs • Get to know how to upload, store and organize the data collected in the cloud (Google Drive) • Get to know how to share the data collected in the cloud (Google Drive) • Learn about Google Documents' User Permissions • Get to know how to create and share a Google Document • Get to know how to create and share a Google Form • Get some ideas on how to use pedagogically the possibilities of Google Drive
Learning activities	<ul style="list-style-type: none"> • watching 1 presentation video and 7 additional videos • exploring 1 obligatory and some optional reading material • doing 20 exercises
Estimated duration	Total workload is going to be estimated on completion of the material: <ul style="list-style-type: none"> • 37 minutes for watching videos • 150 minutes for exploring obligatory reading material • 20 minutes for exercises

¹ Intended learning outcomes address what a learner should be able to do after engaging this module. Use one verb (or at most two) for each outcome. **(Cf. curriculum and make amendments you find necessary)**
